Re: United States v. Aeronca, Inc., et al.  
Cost Recovery Consent Decree  
Skinner Landfill Superfund Site  
West Chester, Ohio

Dear Mr. Cruden:

Enclosed is a proposed Partial Consent Decree for the Skinner Landfill ("Site"), in West Chester, Ohio, which I recommend that you execute and have lodged with the federal district court. The settlement embodied in the Partial Consent Decree will resolve the liability of three *de minimis* parties at the Site: Acme Wrecking Co., Inc., the David Hirschberg Steel Company, and Sealy Inc./Sealy Mattress Company ("Settling Defendants").

The Settling Defendants, among others, were named in a Referral and Litigation Report dated September 25, 2000, in which U.S. EPA, Region 5, recommended that the Department file a claim for response costs incurred at the Site. On June 29, 2001, the United States filed a complaint pursuant to Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. § 9607, as amended ("CERCLA"), seeking reimbursement of response costs against a group of parties ("Non-Settling Defendants"). The Settling Defendants were not named as defendants in that cost recovery case. United States v. Aeronca, Inc., et al. (Civil Action No. C-1-01-439).

The Partial Consent Decree would resolve the government's claims against the Proposed

Defendants, resolving all of their liability at the Site, including contribution claims brought against them by a group of Potentially Responsible Parties that incurred response costs and will incur future costs performing the Remedial Action at the Site. The contribution case was brought against the Settling Defendants pursuant to, inter alia, Section 113 of CERCLA, 42 U.S.C. § 9613. The DOW Chemical Co., et al., v. Acme Wrecking Co., Inc., et al., (Civil Action No. C-1-97-0307). The value to the United States of the settlement with the Proposed Defendants is \$41,495. In addition, the settlement is practicable and in the public interest and complies with Section 122(g)(1), 42 U.S.C. § 9622(g)(1), since the payments involve only a minor portion of the response costs at the Site, and the Settling Defendants' waste is minimal both in terms of volume and toxicity.

If you have any questions about this matter, please contact Craig Melodia of Region 5's Office of Regional Counsel, at 312/353-8870, or Annette Lang, the Department's Trial Attorney.

Sincerely,

A handwritten signature in black ink, appearing to read "W. E. Muno", with a stylized flourish at the end.

PARTIAL CONSENT DECREE WITH  
SETTLING DEFENDANTS ACME WRECKING COMPANY, INC.,  
DAVID HIRSCHBERG COMPANY,  
SEALY, INC., AND SEALY MATTRESS COMPANY

I. BACKGROUND

A. The United States of America ("United States"), on behalf of the Administrator of the United States Environmental Protection Agency ("EPA"), filed a complaint, an amended complaint, and a second amended complaint in this matter pursuant to Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. § 9607, as amended ("CERCLA"), seeking reimbursement of response costs incurred and to be incurred for response actions taken at or in connection with the release or threatened release of hazardous substances at the Skinner Landfill Superfund Site in West Chester, Ohio (the "Facility" or "Site").

B. In 1997, several Potentially Responsible Parties ("PRPs") at the Site filed complaints ("PRP Contribution Complaints") pursuant to, *inter alia*, Section 113 of CERCLA, 42 U.S.C. § 9613, that now are consolidated under Civil Action Numbers C-1-97-0307 and C-1-97-308. The defendants that have entered into this Consent Decree ("Settling Defendants") were named in those actions.

C. Settling Defendants do not admit any liability to the United States arising out of the transactions or occurrences alleged in the complaints.

D. Settling Defendants do not admit any liability to the PRPs arising out of the transactions or occurrences alleged in the PRP Contribution Complaints.

E. On or about the same date as this Consent Decree was lodged with this Court, the PRPs notified Settling Defendants in writing of the PRPs' intention to dismiss the PRP

Contribution Complaints as against them upon receipt by the PRPs of the payments due under this Consent Decree.

F. The United States and Settling Defendants agree, and this Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the Parties in good faith, that settlement of this matter will avoid prolonged and complicated litigation between the Parties, and that this Consent Decree is fair, reasonable, and in the public interest.

THEREFORE, with the consent of the Parties to this Decree, it is ORDERED, ADJUDGED, AND DECREED:

## **II. JURISDICTION**

1. This Court has jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §§ 1331 and 1345 and 42 U.S.C. §§ 9607 and 9613(b) and also has personal jurisdiction over Settling Defendants. Settling Defendants consent to and shall not challenge entry of this Consent Decree or this Court's jurisdiction to enter and enforce this Consent Decree.

## **III. PARTIES BOUND**

2. This Consent Decree is binding upon the United States and upon Settling Defendants and their successors and assigns. Any change in ownership or corporate or other legal status, including but not limited to, any transfer of assets or real or personal property, shall in no way alter the status or responsibilities of Settling Defendants under this Consent Decree.

#### **V. DETERMINATIONS AS TO SETTLING DEFENDANTS**

4. The Regional Administrator of Region V of EPA, or his delegates, has determined the following:

a. Prompt settlement with each Settling Defendant is practicable and in the public interest within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1);

b. The payment to be made by each Settling Defendant under this Consent Decree involves only a minor portion of the Response Costs at the Site within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1), based upon EPA's estimate that the total Response Costs incurred and to be incurred at or in connection with the Site by the EPA Hazardous Substance Superfund and by private parties is approximately \$21 million.

c. The amount of hazardous substances contributed to the Site by each Settling Defendant and the toxic or other hazardous effects of the hazardous substances, if any, contributed to the Site by each Settling Defendant are minimal in comparison to other hazardous substances at the Site within the meaning of Section 122(g)(1)(A) of CERCLA, 42 U.S.C. § 9622(g)(1)(A). This is because (1) the amount of materials containing hazardous substances contributed to the Site by each Settling Defendant does not exceed 1.5% of the total volume of waste disposed of at the Site; and (2) the hazardous substances contributed by each Settling Defendant are not significantly more toxic or are not of significantly greater hazardous effect than other hazardous substances at the Site.

#### VII. FAILURE TO COMPLY WITH REQUIREMENTS OF CONSENT DECREE

8. Interest on Late Payments. In the event that any payments required by Section VI, Paragraphs 5 and 6 (Reimbursement of Response Costs) or Section VII, Paragraph 9 (Stipulated Penalty), are not received when due, Interest shall accrue on the unpaid balance through the date of payment.

12. Notwithstanding any other provision of this Section, the United States may, in its unreviewable discretion, waive payment of any portion of the stipulated penalties that have accrued pursuant to this Consent Decree.

#### VIII. COVENANT NOT TO SUE BY PLAINTIFF

13. Covenant Not to Sue by United States. In consideration of the payments that will be made by the Settling Defendants under the terms of this Consent Decree, and except as specifically provided in Paragraphs 14, 15, and 24, the United States covenants not to sue or take administrative action against Settling Defendants pursuant to Sections 106 and 107(a) of CERCLA, 42 U.S.C. §§ 9606, 9607(a), relating to the Site. This covenant not to sue shall take effect upon receipt by EPA of all payments required by Paragraph 5 (Payment of Response Costs to EPA Hazardous Substance Superfund), Paragraph 8 (Interest on Late Payments), and Paragraph 9.a (Stipulated Penalty for Late Payment), and upon receipt by the Skinner Landfill Site Group of all payments required by Paragraph 6 (Payment of Response Costs to Skinner Landfill Site Group) and Paragraph 8 (Interest on Late Payments). This covenant not to sue is conditioned upon the satisfactory performance by Settling Defendants of their obligations under this Consent Decree. This covenant not to sue extends only to Settling Defendants and does not

extend to any other person; provided however, that this covenant not to sue (and the reservations thereto) shall also apply to Settling Defendants' divisions, successors and assigns, and former or current officers, directors, and employees, but only to the extent that the alleged liability of such person is based on the person's acts and/or omissions which occurred in the scope of the person's employment or capacity as a division, successor or assign, officer, director, or employee of the Settling Defendants, and not to the extent that the alleged liability arose independently of the alleged liability of the Settling Defendants.

14. Reservation of Rights by United States. The covenant not to sue set forth in Paragraph 13 does not pertain to any matters other than those expressly specified therein. The United States reserves, and this Consent Decree is without prejudice to, all rights against Settling Defendants with respect to all other matters, including but not limited to:

- a. liability for failure of Settling Defendants to meet a requirement of this Consent Decree;
- b. liability for damages for injury to, destruction of, or loss of natural resources, and for the costs of any natural resource damage assessments;
- c. criminal liability;
- d. liability arising from the future arrangement for disposal or treatment of a hazardous substance, pollutant, or contaminant at the Site after the date of lodging of this Consent Decree.

15. Notwithstanding any other provision in this Consent Decree, the United States reserves, and this Consent Decree is without prejudice to, the right to institute proceedings against any individual Settling Defendant in this action, or in a new action or to issue an

administrative order to any individual Settling Defendant seeking to compel that Settling Defendant to perform response actions relating to the Site, and /or to reimburse the United States for additional costs or response, if information is discovered which indicates that such Settling Defendant contributed hazardous substances to the Site in such greater amount or of such greater toxic or other hazardous effects that such Settling Defendant no longer qualifies as a de minimis party at the Site because Settling Defendant contributed greater than 1.5% of the total volume of waste disposed of at the Site, or contributed hazardous substances which are significantly more toxic or are of significantly greater hazardous effect than other hazardous substances at the Site.

#### IX. COVENANTS BY SETTLING DEFENDANTS

16. Settling Defendants hereby covenant not to sue and agree not to assert any claims or causes of action against the United States, or its contractors or employees, with respect to the Site or this Consent Decree, including but not limited to:

- a. any direct or indirect claim for reimbursement from the Hazardous Substance Superfund based on Sections 106(b)(2), 107, 111, 112, or 113 of CERCLA, 42 U.S.C. §§ 9606(b)(2), 9607, 9611, 9612, or 9613, or any other provision of law;
- b. any claims against the United States, including any department, agency or instrumentality of the United States under CERCLA Sections 107 or 113 related to the Site; or
- c. any claims arising out of response actions at or in connection with the Site, including any claim under the United States Constitution, the Ohio Constitution, the Tucker Act, 28 U.S.C. § 1491, the Equal Access to Justice Act, 28 U.S.C. § 2412, as amended, or at common law.

17. Nothing in this Consent Decree shall be deemed to constitute approval or preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. 300.700(d).

18. Waiver of Claims Against Other Persons Relating to the Site. Except for contribution claims asserted in response to claims raised by the State of Ohio relating to the Site, and/or contribution claims asserted in response to claims for natural resource damages relating to the Site, Settling Defendants agree not to assert any claims and to waive all claims or causes of action that it may have against all persons for all matters relating to the Site, including for contribution; provided however, that Settling Defendants reserve the right to assert and pursue all claims, causes of action, and defenses relating to the Site against any person in the event such person first asserts, and for so long as such person pursues, any claim or cause of action against Settling Defendants relating to the Site. Nothing within this Paragraph shall operate to waive or release any claim or action by Settling Defendants under any contract of insurance.

19. Waiver of Claims Against De Minimis Parties. Settling Defendants agree not to assert any claims and to waive all claims or causes of action that it may have for all matters relating to the Site, including for contribution, against any person where the person's liability to Settling Defendants with respect to the Site is based solely on having arranged for disposal or treatment, or for transport for disposal or treatment, of hazardous substances at the Site, or having accepted for transport for disposal or treatment of hazardous substances at the Site, if

- (a) any materials contributed by such person to the Site constituting Municipal Solid Waste ("MSW") or Municipal Sewage Sludge ("MSS") did not exceed 0.2% of the total volume of waste at the Site; and

- (b) the materials contributed by such person to the Site containing hazardous substances, but not constituting MSW or MSS, did not exceed the greater of

This waiver shall not apply to any claim or cause of action against any person meeting the above criteria if EPA has determined that the materials contributed to the Site by such person contributed or could contribute significantly to the costs of response at the Site. This waiver also shall not apply with respect to any defense, claim, or cause of action that Settling Defendants may have against any person if such person asserts a claim or cause of action relating to the Site against Settling Defendants.

#### **X. EFFECT OF SETTLEMENT/CONTRIBUTION PROTECTION**

20. Except as expressly provided in Paragraph 13 (Covenant Not To Sue by United States), Paragraph 18 (Waiver of Claims Against Other Persons Relating to the Site), Paragraph 19 (Waiver of Claims Against De Micromis Parties) and Paragraph 21 (Contribution Protection), nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. Except as provided in Paragraph 13 (Covenant Not To Sue by United States), Paragraph 18 (Waiver of Claims Against Other Persons Relating to the Site), Paragraph 19 (Waiver of Claims Against De Micromis Parties), and Paragraph 21 (Contribution Protection), each of the Parties expressly reserves any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action which each Party may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto.

21. Contribution Protection. Except for contribution claims asserted in response to claims raised by the State of Ohio relating to the Site, and/or contribution claims asserted in response to claims for natural resource damages relating to the Site, the Parties agree, and by entering this Consent Decree this Court finds, that Settling Defendants are entitled, as of the effective date of this Consent Decree, to protection from contribution actions or claims as provided by Section 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2), and Section 122(g)(5), 42 U.S.C. § 9622(g)(5) (as applicable), for Matters Addressed, as defined in Section IV of this Consent Decree. Settling Defendants' divisions, successors and assigns, and former and current officers, directors, and employees are also entitled, as of the effective date of this Consent Decree, to protection from contribution actions or claims as provided by Section 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2), and Section 122(g)(5), 42 U.S.C. § 9622(g)(5) (as applicable), for Matters Addressed in this Consent Decree, but only to the extent that the alleged liability of such person is based on the person's acts and/or omissions which occurred in the scope of the person's employment or capacity as a division, successor or assign, officer, director, or employee of Settling Defendants, and not to the extent that the alleged liability arose independently of the alleged liability of Settling Defendants.

22. Settling Defendants agree that, with respect to any suit or claim for contribution brought against them for matters related to this Consent Decree, they will notify the United States in writing within 10 days of service of the complaint on them. In addition, Settling Defendants shall notify the United States in writing within 10 days of service or receipt of any Motion for Summary Judgment and within 10 days of receipt of any order from a court setting a case for trial.

23. In any subsequent administrative or judicial proceeding initiated by the United States for injunctive relief, recovery of response costs, or other relief relating to the Site, Settling Defendants shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the United States in the subsequent proceeding were or should have been brought in the instant case; provided however, that nothing in this Paragraph affects the enforceability of the Covenant Not to Sue by Plaintiff set forth in Section VIII.

#### **XI. FINANCIAL CERTIFICATION**

24. Settling Defendant David Hirschberg Company certifies that the information it has provided to the United States regarding its income, assets, liabilities, and financial status is true, correct and complete. If this information is not true, correct and complete, Settling Defendant David Hirschberg Company consents to the renewal of this action against it and waives all defenses based on the timeliness of the renewed action, but Settling Defendant David Hirschberg Company specifically reserves all other defenses to the action. The covenant not to sue by Plaintiff in Section VIII and the contribution protection in Section X shall not be effective if this financial information is not true, correct, and complete.

#### **XII. RETENTION OF RECORDS**

25. Until six (6) years after the entry of this Consent Decree, Settling Defendants shall preserve and retain all records and documents now in its possession or control, or which come into its possession or control, that relate in any manner to response actions taken at the Site or the

liability of any person for response actions conducted and to be conducted at the Site, regardless of any corporate retention policy to the contrary.

26. After the conclusion of the document retention period in the preceding paragraph, Settling Defendants shall notify EPA and DOJ at least 90 days prior to the destruction of any such records or documents, and, upon request by EPA or DOJ, Settling Defendants shall deliver any such records or documents to EPA. Settling Defendants may assert that certain documents, records, or other information are privileged under the attorney-client privilege or any other privilege recognized by federal law. If Settling Defendants assert such a privilege, they shall provide Plaintiff with the following: 1) the title of the document, record, or information; 2) the date of the document, record, or information; 3) the name and title of the author of the document, record, or information; 4) the name and title of each addressee and recipient; 5) a description of the subject of the document, record, or information; and 6) the privilege asserted. However, no documents, reports, or other information created or generated pursuant to the requirements of this or any other consent decree with the United States shall be withheld on the grounds that they are privileged. If a claim of privilege applies only to a portion of a document, the document shall be provided to Plaintiff in redacted form to mask the privileged information only. Settling Defendants shall retain all records and documents that it claims to be privileged until the United States has had a reasonable opportunity to dispute the privilege claim and any such dispute has been resolved in the Settling Defendants' favor.

27. By signing this Consent Decree, each of the Settling Defendants certifies that, to the best of its knowledge and belief, it has:

a. conducted a thorough, comprehensive, good faith search for documents, and has fully and accurately disclosed to EPA, all information currently in its possession, or in the possession of its officers, directors, employees, contractors or agents, which relates in any way to the ownership, operation or control of the Site, or to the ownership, possession, generation, treatment, transportation, storage or disposal of a hazardous substance, pollutant or contaminant at or in connection with the Site;

b. not altered, mutilated, discarded, destroyed or otherwise disposed of any records, documents or other information relating to its potential liability regarding the Site, after notification of potential liability or the filing of a suit against Settling Defendants regarding the Site; and

c. fully complied with any and all EPA requests for information regarding the Site pursuant to Sections 104(e) and 122(e) of CERCLA, 42 U.S.C. §§ 9604(e) and 9622(e).
